

MS300

Studio Monitor Stands

Samson's MS300 Studio Monitor Stands bring optimal placement and stability to your studio monitoring system. Sold as a pair, these professional-grade stands are ruggedly constructed and offer a classic black finish. Their large 9.8" x 8.7" platforms are compatible with most studio monitors that weigh up to 55 pounds, and are fully padded to provide maximum grip, cushioning and vibration reduction. In addition, the MS300s feature telescoping columns that are adjustable from 2.6'–3.6' in height with both locking pins and latches for exceptional vertical support. Lastly, the MS300s offer ultra-sturdy 15" x 11.5" bases complete with heavy-duty carpet spikes, ensuring the utmost stabilization of your studio monitors from the ground up.
