Samson's SR950 Professional Studio Reference Headphones offer precise monitoring performance for studio applications. Perfect for engineering, mixing and playing back audio with stunning results, the SR950s combine comfort with solid bass response, ultra-clear highs and a closed ear design.

These headphones offer a closed ear design for maximum sound isolation and noise reduction, allowing the most accurate stereo imaging possible. The 50mm drivers offer exceptional sound reproduction and wide dynamic range to instill confidence in your final mix or simply provide outstanding sound quality for playback.

With a self-adjusting headband for a secure, natural fit, the SR950s provide total comfort for extended studio sessions. An 1/8" to 1/4" gold-plated adapter is included with the headphones.

When it comes to studio reference headphones, the SR950s are as professional as they come.
