

SR990

CLOSED-BACK STUDIO REFERENCE HEADPHONES

SAMSON[®]

Safety Precautions

WARNING!

This product is capable of causing permanent damage to your hearing if used at excessive volumes!

To protect your hearing, the Samson SR990 headphones should always be used at as low a volume as possible. We recommend that you stringently follow the guidelines established by the U.S. Occupational Safety Health Administration (OSHA) regarding maximum time exposure at various sound pressure levels:

- Don't use this product for more than 8 hours at 90 dB SPL
- Don't use this product for more than 4 hours at 95 dB SPL
- Don't use this product for more than 2 hours at 100 dB SPL
- Don't use this product for more than 1 hour at 105 dB SPL
- Don't use this product for more than 1/2 hour at 110 dB SPL
- Don't use this product for more than 15 minutes at 115 dB SPL
- Don't operate at listening levels of greater than 120 dB SPL!

Pay attention to what your ears are telling you! Ringing is a sign that you have set the gain levels too high and that damage may result. We recommend that you consult with a qualified audiologist if you exhibit ringing or any other symptoms.

If you want to dispose this product, do not mix it with general household waste. There is a separate collection system for used electronic products in accordance with legislation that requires proper treatment, recovery and recycling.

Private household in the 28 member states of the EU, in Switzerland and Norway may return their used electronic products free of charge to designated collection facilities or to a retailer (if you purchase a similar new one).

For Countries not mentioned above, please contact your local authorities for a correct method of disposal.

By doing so you will ensure that your disposed product undergoes the necessary treatment, recovery and recycling and thus prevent potential negative effects on the environment and human health.

Introduction

Congratulations on purchasing your new Samson SR990 Closed-Back Studio Reference Headphones! The SR990 Closed-Back Studio Reference Headphones have been meticulously designed to provide an accurate and balanced audio image for music enthusiasts and professionals alike. Ideal for mixing, critical listening, and music playback the SR990's offer an extended frequency range with a detailed bass response and ultra-clear mids.

We recommend you record your serial number in the space provided below for future reference.

Serial number: _____

Date of purchase: _____

With proper care your SR990 headphones will operate trouble free for many years. Should your unit ever require servicing, a Return Authorization (RA) number must be obtained before shipping your unit to Samson. Without this number, the unit will not be accepted. Please call Samson at 1-800-3SAMSON (1-800-372-6766) for an RA number prior to shipping your unit. Please retain the original packing materials and, if possible, return the unit in the original carton. If you purchased your Samson product outside the United States, please contact your local distributor for warranty information and service.
