

POSITIONING

Hartke's Hx Nickel Bass Guitar Strings provide Serious Tone® with excellent playability and comfort. Featuring a hexagonal core precisely wound to ensure true intonation, the Hx bass strings are engineered to produce clear fundamental frequencies resulting in excellent bass tone. The important dynamics of deep bass, tight mid range and bright high end are delivered with balance and consistency for a smooth feel from string to string.

FEATURES

Why Nickel?

Nickel-plated bass strings provide a bright tone that is ideal for classic rock, folk and other genres where a crisp, yet mellow tone is needed. Hx strings offer a soft feel that is smooth on your hands and easy on your bass guitar's frets.

Bass Dedication

For bass players of all levels, Hartke has been the go-to brand for high-quality products with excellent value. For over 25 years, Hartke has been designed and tested by musicians for musicians.
